

Safer Internet Day 2016 was celebrated at Barncroft on Tuesday 9th February. Co-ordinated in the UK by the UK Safer Internet Centre the celebration sees hundreds of organisations get involved to help promote the safe, responsible and positive use of digital technology for children and young people.

All children took part in activities relating to keeping themselves safe online and every child should have brought home a copy of Digital Parenting magazine.

The UK Safer Internet Centre – a partnership of three leading charities; Childnet, the South West Grid for Learning and the Internet Watch Foundation – provide resources for children, schools and families, and tools for getting involved at www.saferinternet.org.uk.
