Wellbeing Information

The Travel Planning Team at Hampshire County Council have been busy putting together some ideas for families to use at home during this period of lockdown and, in particular, how to put your daily exercise time to good use whilst focusing on your mental health. There are also more ideas for families to access at www.myjourneyhampshire.com/wellbeing and they will be adding to this page over the coming weeks so keep an eye out for more initiatives and ideas.

The [My Journey](http://MyJourney) website has lots of information about active travel which you are welcome to access, including curriculum resources linked to travel choices and their impact on the environment.
