

### **Subject Leader's Vision Statement**

We believe that History provides all children the ability to delve deeper and make connections to the past and the world in which they live now. History aims to inspire children to actively explore different periods of time as well as cultures, in order to paint a bigger picture of how life today came about. We will teach children the skills required to be a good historian; how to research and gather information, as well as how to question information gathered for authenticity, perspective and reliability. Children will have access to a wide range of resources to aid them in their discovery, and opportunities across the curriculum to present, test and evaluate their historical knowledge. Our vision is that Barncroft pupils leave with an increased confidence and understanding of historical facts, as well as an understanding of their influence on our day to day lives which will enable them to become citizens in our society.
