Newsletter Number 28 – 22/04/2016

News of the Week - Thank you to everyone, so far the children in Year 5 have raised £812.29 towards their Fairthorne trip.

A big thank you to Pfizer!

Over the Easter holidays we were very lucky to have 5 volunteers from Pfizer come into school and make good and paint some of our classrooms picnic tables ready for the summer term. The volunteering session was organized by Community First as part of their Employee Volunteering Scheme.

We are very thankful that Pfizer have been able to provide us with invaluable practical support, and we are hoping that in the future we can continue to work together to help grow our very own scientists and business managers of the future!

Saturn to Marwell!

Do penguins have fur or feathers? What colour is a polar bear's skin? If you would like the answers to these, and other animal related, questions then just ask the children from Saturn class! We are becoming so knowledgeable especially after our recent visit to Marwell Zoo last Wednesday. We enjoyed our journey to Marwell especially when we looked over our city as we went over Portsdown Hill. When we arrived at the zoo, we were so excited to see lots of different animals and then spend time in the Education Centre where we learned all about animal habitats and how animals have adapted to live in different places. Have you ever wondered why camels have humps? Ask us, we know!
It was a super day out and a fantastic opportunity to see lots of amazing animals. We did lots of walking and so we missed the view over Portsdown Hill on the way home as most of us were asleep.
