Beid Class News

Spectacular Space!

The launch of our Spectacular Space topic was a trip to Winchester Science Museum. In the planetarium, we discovered amazing facts about our solar system and other galaxies as we 'flew' through space. We also spent lots of time exploring all the hands-on investigations to improve our science thinking.

Through history, we have become USSR vs USA Space Race experts and have formed personal opinions about the moon landing conspiracies.

This afternoon we have all played an important part in our whole school French Interactive Museum and café experience. We checked in our passengers, supported other children's learning in the museum and served a selection of French foods for others to enjoy. We spoke in French too!

Mrs Elliott, Mrs Knowles and Miss Ryan are very proud of us!
